Sommario/riassunto	This book brings together some of the world's foremost literacy scholars to discuss how research influences what teachers actually do in the classroom. Chapters describe the current state of knowledge about such key topics as decoding, vocabulary, comprehension, digital literacies, reading disabilities, and reading reform. At the same time, the authors offer a unique "inside view" of their own research careers: key personal and professional influences, how their research agendas took shape, and what they see as the most important questions currently facing the fi
