| Sommario/riassunto | Body and Time is an innovative and concise survey of penetrating essays, conceptualizing the body as a physiological system embedded in a social network. In its complex and multilayered structure, it is aligned to and overlaps with other related functions. Contributors to this publication are members of the International Sociological Association Research Committee 54 - 'The Body in the Social Sciences', and their contributions specifically refer to the RC54 Mid-Term Conference - 'The Mobile I... |
