Sommario/riassunto	This is the new edition of the concise but comprehensive handbook that should be owned by all surgical trainees specialising in plastic surgery. Taking a pithy systematic approach, Key Notes on Plastic Surgery offers the latest developments within the field in bullet point form and includes key papers for viva voces. It is informed by the current FRCS (Plast) curriculum, making it ideal preparation for the UK exit examination or equivalent international board exam. Key features Fully covers the entire scope of plastic surgeryClearly divided into 10 sections with logical subheadings for ea
