Sommario/riassunto	Most Western approaches to dreams are limited to a psychological paradigm. Building on Jung's work, which was heavily influenced by the transformative model of alchemy, a new multidimensional approach to the process of human transformation through dreams has been developed which recognises the interrelationship of the psychological and the spiritual, and works with the mirroring body in service of both. In the approach presented here, dreams are seen as a mixture of worldly impressions and expressions of our individual spirit, which is trying to speak to us through the metaphors and narrative
