Sommario/riassunto	When the US government speaks, the world listens, regardless of

whether people like what they hear. News reporters and citizens around the world pay considerable attention to the statements of US presidents and the actions of the US government. In *The Global President: International Communication and the US Government*, scholars Stephen J. Farnsworth, S. Robert Lichter and Roland Schatz provide an expansive international examination of news coverage of US political communication, and the roles the US government and the Presidency play in an increasingly communicative and interconnec
