The Future of the Ethical Academy: Preliminary Thoughts and
Suggestions; list of Contributors; Index

Sommario/riassunto

For those who believe in the promise of higher education to shape a better future, this may be a time of unprecedented despair. Stories of students regularly cheating in their classes, admissions officers bending the rules for VIPs, faculty fudging research data, and presidents plagiarizing seem more rampant than ever before. If those associated with our institutions of higher learning cannot resist ethical corruption, what hope do we have for an ethical society? In this edited volume, higher education experts and scholars tackle the challenge of understanding why ethical misc
