States; 11 Just-In-Time and Other Manufacturing Practices:
Implications for U.S. Manufacturing Performance
12 Organization Theory Perspectives on the Cross-Border Transfer of
Organizational PatternsIndex

Sommario/riassunto

Since the 1980s, Japanese firms have challenged US dominance in many manufacturing industries; increasingly in the form of transplant operations. This text offers case studies and surveys to explain the process of transferring and transforming the best Japanese Management Systems (JMS).
