Sommario/riassunto	Florence Nightingale (1820-1910) is widely known as the heroine of the Crimean War and the founder of the modern profession of nursing. She was also a scholar and political activist who wrote and worked assiduously on many reform causes for more than forty years. This series will confirm Nightingale as an important and significant nineteenth-century scholar and illustrate how she integrated her scholarship with political activism. Indispensable to scholars, and accessible and revealing to the general reader, it will show there is much more to know about Florence Nightingale
