Nota di contenuto	Intro -- Contents -- Foreword, Andreas Wilmes -- Translator's Introduction, Andrew J. McKenna -- Discussion with René Girard -- Appendix: Table of Passages -- Index.
Sommario/riassunto	"In 1973 Girard was invited by the editors of Esprit in Paris to discuss his work with several interlocutors from the fields of philosophy, psychoanalysis, literature, and theology. In this exchange Girard addresses challenges to his thinking, and is further prompted to consider the relation between his critique of primitive or archaic religion and the role of Judeo-Christianity, which Western culture has adopted as its own, and to which his book pays scant attention"--

Sommario/riassunto

Managerial forensics is the practice of gathering relevant corporate information for the purpose of analyzing and identifying reasons for managerial obstacles, mismanagement, bankruptcy, and corporate demise. This book assembles a cast of leading academic and business experts and shares their views on the best practices in corporate analysis. Following the notion that the past offers insights into the future, the book examines the maladies in contemporary business and offers strategies for corporate revival and turnaround.
