Nota di contenuto	Part I: What are the evolutionary origins of contemporary patterns of sexual and romantic relationships? Where does evolution leave off and where do history and culture begin? -- Part II: How do early family and peer relationships give rise to the quality of romantic relationships in adolescence and young adulthood? -- Part III: How do early romantic and sexual relationships influence people contemporaneously and later in life? -- Part IV: To what extent are current trends in sexual and romantic relationships problematic for individuals, families, and society? What are effective intervention approaches at the level of practice
Sommario/riassunto	Examines the nature and origin of adolescents' contemporary patterns of sexual and romantic relationships, spanning such diverse topics as the evolutionary roots of these behaviors. This book is useful for academicians and upper-lever undergraduate and graduate students in the fields of human development and family studies and psychology.
