

1. Record Nr.	UNINA9910825853603321
Autore	Janus Steffen
Titolo	Capturing solutions for learning and scaling up : : documenting operational experiences for organizational learning and knowledge sharing // Steffen Soulejman Janus
Pubbl/distr/stampa	Washington, D.C. : , : The World Bank, , [ 2017] c2017
Descrizione fisica	1 online resource (viii, 116 pages) : illustrations (chiefly color) ; ; 23 cm
Disciplina	658.3/124
Soggetti	Knowledge management Organizational learning
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Nota di bibliografia	Includes bibliographical references.
Nota di contenuto	About this guide -- Acknowledgments -- About the author -- Introduction -- Step 1. Identification -- Step 2. Capturing -- Step 3. Validation -- Step 4. Formatting -- Step 5. Packaging for learning and scaling up -- Appendixes -- Glossary -- References.
Sommario/riassunto	"This step-by-step guide describes how to systematically capture knowledge gained from operational experiences and use it to inform decision making and support professional learning. It shows how to assemble the captured lessons and takeaways in the form of knowledge assets--discrete and consistently formatted documents that present answers to one specific question or challenge. The guide assumes that the enabling work discussed in the World Bank handbook, Becoming a Knowledge-Sharing Organization, has already taken place. The intended audience for Capturing Solutions for Learning and Scaling Up includes professionals, mid-level managers, knowledge and learning experts, and IT specialists, particularly those in the public sector of developing countries"--Back cover.
