

1. Record Nr.	UNINA9910825952403321
Titolo	Systems analysis and systems engineering in environmental remediation programs at the Department of Energy, Hanford Site // Committee on Remediation of Buried and Tank Wastes, Board on Radioactive Waste Management, Commission on Geosciences, Environment, and Resources, National Research Council
Pubbl/distr/stampa	Washington, D.C., : National Academy Press, 1998
ISBN	0-309-17380-9 1-282-08176-4 9786612081767 0-309-52281-1 0-585-14936-4
Edizione	[1st ed.]
Descrizione fisica	1 online resource (62 p.)
Disciplina	621.48/38
Soggetti	Radioactive waste sites - Cleanup - Washington (State) - Hanford Site System analysis Systems engineering
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references (p. 18-19).
Nota di contenuto	""Front Matter""; ""Preface""; ""Contents""; ""Summary""; ""Introduction""; ""The Systems Engineering Process""; ""Discussion of Hanford Systems Engineering and Principal Findings""; ""Recommendations""; ""References ""; ""A Statement of Task""; ""B 1994 Letter Report on Systems Engineering""; ""C Response from DOE to 1994 Letter Report""; ""D Biographical Sketches of Committee Members""; ""E Abbreviations""
