Sommario/riassunto	This book examines the impact of EU membership on the foreign policies of the 12 new member states that joined the EU in 2004 and 2007. Among scholars of European politics there is a general consensus

that membership in the European Union changes the countries that join. Yet considerable debate remains over what exactly changes, to what extent, how or why these changes happen, and why some countries, policies, and institutions change more than others. Expert contributors examine the impact of EU integration and membership, with chapters on the 12 new EU entrants since 2004: Poland, Cz
