Nota di contenuto	Tree farmers -- Apple orchards -- Cherries and pears.
Sommario/riassunto	Fruit farmers don't take care of animals, they take care of trees! These orchards are full of delicious treats like apples, oranges, cherries, and even pears. Early readers learn how farmers plant these trees in rows, then take care of them until the trees bear fruit. Through accessible text paired with full-color photographs, readers learn how different orchards grow different fruits and what farmers do when the fruit gets ripe.
