

1. Record Nr.	UNINA9910826184903321
Titolo	Apache Karaf cookbook : over 60 recipes to help you get the most out of your Apache Karaf deployments // Achim Nierbeck [and three others]
Pubbl/distr/stampa	Birmingham, England : , : Packt Publishing, , 2014 ©2014
ISBN	1-78398-509-7
Edizione	[1st edition]
Descrizione fisica	1 online resource (260 pages) : illustrations (some color)
Collana	Community Experience Distilled
Disciplina	QA76.76.A65
Soggetti	Application software - Development Open source software Web sites - Design
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Includes index.
Sommario/riassunto	Over 60 recipes to help you get the most out of your Apache Karaf deployments In Detail Apache Karaf is more than just an OSGi-based runtime container; it's an ecosystem of open source technologies that makes operating and managing applications easier. This book starts by covering how to make your deployment more production ready, and then covers many of the most popular Service Oriented Architecture projects that you can integrate into Karaf ? these are some of the most sought after developer skills in modern enterprises. The book also delves into transforming Karaf into a JSP host, distributing containers using Apache Karaf Cellar, and providing persistence to your applications. Finally, you'll explore the world of Big Data with Apache Cassandra and Hadoop, setting the stage for your Karaf deployment to handle today's large datasets. What You Will Learn Turn Karaf into a Smart Router with Apache Camel Model Karaf into a Message Broker with Apache ActiveMQ Transform Karaf into a JSP host with Pax Web Distribute your Karaf applications across a clustered container with Apache Karaf Cellar Transmute Karaf into a web service container with Apache CXF Set up a Pax Exam test environment Turbo-charge your
