Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Nota di bibliografia	Includes bibliographical references and index.
Sommario/riassunto	This groundbreaking book is an indispensable contribution to appreciating the dilemmas facing Ireland in the 'age of Brexit'. Encompassing an exhaustive account, it traces the relationship between Ireland and FRG by drawing on original material from both. It critiques depictions of Irish-German relations as peculiarly affable and explores the problems presented by trade, Britain, neutrality, NATO, Northern Ireland and the Cold War. The work contends the German 'economic miracle' was a vital stimulus for Ireland's tardy retreat from protectionism. It maintains that Ireland's reorientation was informed by lessons gleaned from Irish-German trade relations as well as a budding recognition of the potential offered by German industrial investment. This granted Germany weighty influence over the shape and direction of Ireland.
