Note generali	First issued as an Oxford University Press paperback, 1992.
Nota di bibliografia	Includes bibliographical references and index.
Sommario/riassunto	This volume brings together Nussbaum's published papers on the relationship between literature and philosophy, especially moral philosophy. The papers, many of them previously inaccessible to non-specialist readers, deal with such fundamental issues as the relationship between style and content in the exploration of ethical issues; the nature of ethical attention and ethical knowledge and their relationship to written forms and styles; and the role of the emotions in deliberation and self-knowledge.
