Nota di contenuto	Contents; Acknowledgments; Introduction; 1 Learning and Teaching in Ambulatory Care; 2 Teaching Skills in Ambulatory Care; 3 Setting Up the Office for Teaching; 4 Strategies to Use During the Teaching Day; 5 Special Learning Situations; 6 Evaluation; Index
Sommario/riassunto	Completely updated and extensively referenced, the new edition of this practical hands-on resource demonstrates the effective use of any ambulatory setting in medical education. The authors investigate the tools needed from a theoretical framework for teaching, in addition to essential teaching skills, dealing with difficult trainees, setting up a private practice as a setting for teaching, and more. The text provides pragmatic examples of real situations with specific strategies for addressing each. ;chapter
