Sommario/riassunto	While critical security studies largely concentrates on objects of security, this book focuses on the subject position from which 'securitization' and other security practices take place. First, it argues that the modern subject itself emerges and is sustained as a function of security and insecurity. It suggests, consequently, that no analytic frame can produce or reproduce the subject in some original or primordial form that does not already reproduce a fundamental or structural insecurity. It critically returns, through a variety of studies, to
