

1. Record Nr.	UNINA9910826590203321
Titolo	Safe mobility : challenges, methodology and solutions // edited by Dominique Lord, Simon Washington
Pubbl/distr/stampa	Bingley : , : Emerald Publishing, , 2018
ISBN	1-78714-892-0 1-78635-223-0
Edizione	[First edition.]
Descrizione fisica	1 online resource (511 pages) : illustrations
Collana	Transport and sustainability, , 2044-9941 ; ; v. 11
Disciplina	363.12
Soggetti	Traffic safety Transportation - Security measures Transportation - Automotive / Driver Education Transport planning & policy
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Includes index.
Nota di bibliografia	Includes bibliographical references.
Sommario/riassunto	Safe mobility is clearly linked to transport sustainability, as fatalities and injuries resulting from people engaged with transport networks increasingly becomes a public health concern, relative to other health threats. This volume presents the current state of the knowledge across a multitude of analytical and context specific transport safety areas. It includes a comprehensive set of chapters authored by many of the world's leading experts in both behavioural and engineering aspects of safety mobility. The book increases the level of knowledge on road safety contexts, issues and challenges; shares what can currently be done to address the variety of issues; and points to what needs to be done to make further gains in road safety.
