Sommario/riassunto	Even before we think, we use fantasy. Is fantasy the 'mother of all media'? Does fantasy save me from myself? Are there fictions that are real? In The Surface Effect Andre Nusselder examines the space of fantasy between individual 'inner life' and social 'outer life'. Where we assume that fantasy only operates where we float off in imaginary realms, this book shows that we are in it from the beginning. Based on the work of Jacques Lacan, Nusselder elaborates Lacan's theory, showing how the effects of unconscious proce
