Sommario/riassunto	An original and wide-ranging study of the Greek lyric poet Bacchylides, exploring his engagement with poetic tradition and evaluating the complex relationship of the poetry to its multiple contexts of performance. - ;Bacchylides: Politics, Performance, Poetic Tradition combines close literary analysis of Bacchylides' poetry with detailed discussion of the central role poetry played in a variety of differing political contexts throughout Greece in the early fifth century BC. In Bacchylides' praise poetry, David Fearn argues, the poet manipulates a

#### Sommario/riassunto

This irreplaceable reference compiles the most up-to-date and relevant material on obstetrics and gynaecology into one volume. Strongly evidence-based, it includes the latest knowledge and guidelines from a wide range of sources and contains the key recommendations that a practising obstetrician or gynaecologist needs to know; presenting them in a uniform and accessible way, allowing for quick diagnosis and optimal care. In line with the Royal College of Obstetrics and Gynaecology curriculum for specialty training, this book covers not just the clinical knowledge required but also information
