Freud's Infernal Trinity: on the Vicissitudes of the 'Tripartite Model'; 8. The Schema L; 9. Autism and Topology; 10. A Calculus of Convergence; Bibliography; Index
Sommario/riassunto	At the beginning of each chapter in this collection is a reproduction of a classic psychoanalytic schema or model, ranging from Freud's first and second topographies, to Lacan's Schema "L". Each contributor uses the diagram as a means of elucidating the theory and practice of

the respective schools of psychoanalysis.
