   Sommario/riassunto "Hizmet Means Service is an examination of the Hizmet movement.
                       Hizmet is named for its focus on service, but it is also often called the
                       Gulen movement, after the Turkish intellectual and inspiration for the
                       movement, Fethullah Gulen, who is known for his contribution to
                       improved interfaith relations. This book studies Hizmet in twelve
                       chapters written by contributors from around the world. This book
                       does not presume that all readers are familiar with Hizmet, but we
                       move beyond mere introductions into scholarly analysis of Fethullah
                       Gulen and the manifestations of this movement"--Provided by
