| Sommario/riassunto | The UK government has committed to reducing the nation's carbon emissions by 80% by 2050. Buildings currently use almost half of the UK's generated energy and they are now the focus of an unprecedented drive to cut energy use in our homes, offices, schools, libraries - in fact in almost every building, public or private. Delivering Sustainable Buildings: an industry insider's view offers peer-to-peer insights and advice from a leading practitioner in this field and brings together in one book an overview of the main issues to consider when creating energy-efficient and sustainable |
