

1. Record Nr.	UNINA9910826826803321
Titolo	Security aspects of uni- and multimodal hazmat transportation systems // edited by Genserik L.L. Reniers and Luca Zamparini
Pubbl/distr/stampa	Weinheim, Germany, : Wiley-VCH, 2012
ISBN	3-527-66483-1 1-299-40209-7 3-527-66484-X 3-527-66481-5
Edizione	[1st ed.]
Descrizione fisica	1 online resource (305 p.)
Altri autori (Persone)	ReniersGenserik L. L ZampariniLuca
Disciplina	363.177
Soggetti	Hazardous substances - Transportation - Safety measures Hazardous substances - Transportation - Security measures
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	pt. 1. Introductory section -- pt. 2. Security of hazmat transports : unimodal perspectives -- pt. 3. Security of hazmat transports : multimodal perspectives -- pt. 4. Security of hazmat transports : international policies and practices.
Sommario/riassunto	Written in a clear language, for use by scholars, managers and decision makers, this practical guide to the hot topic is unique in treating the security aspects of hazmat transportation from both uni-modal and multi-modal perspectives. To begin with, each transport mode and its relation to security vulnerability, analyses, figures, and approaches is discussed separately. Secondly, the optimization process of a hazmat supply chain is examined from a holistic, integrated viewpoint. Finally, the book discusses and compares the various hazmat transport security policies and strategies
