Sommario/riassunto

This book traces the evolution of the EU's fight against terrorism from the late 1970s until the end of the first decade after 9/11. This historical analysis covers both EU-internal and international counterterrorism policies and features an in-depth account of the EU's reaction to the terrorist incidents in New York, Madrid and London. In the first few weeks after these incidents, the EU mobilised a complex but also incoherent set of policy measures, which significantly influenced the course of European security over the years. From a theoretical perspective, this volume argu
