

1. Record Nr.	UNINA9910827243203321
Autore	Chen Hongzhang
Titolo	Process engineering in plant-based products [[electronic resource] /] / Hongzhang Chen
Pubbl/distr/stampa	New York, : Nova Science Publishers, Inc., c2009
ISBN	1-61728-568-4
Descrizione fisica	1 online resource (310 p.)
Collana	Environmental science, engineering and technology series
Disciplina	661/.8
Soggetti	Biomass chemicals Biochemical engineering Chemical processes Energy crops
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	Process Engineering Principles of Plant-Based Products -- Process and Principle of Components Separation from Plant-Based Materials -- Processing Engineering and Application of Plant-Based Chemicals -- Process Engineering and Applications of Plant-Based Materials -- The Process Engineering in Plant-Based Energy.
