Sommario/riassunto

Children and youth, regardless of their ethnic backgrounds, are experiencing lifestyle choices their parents never imagined and contributing to the transformation of ideals, traditions, education and adult-child power dynamics. As a result of the advances in technology and media as well as the effects of globalization, the transmission of social and cultural practices from parents to children is changing. Based on a number of qualitative studies, this book offers insights into the lives of children and youth in Britain, Japan, Spain, Israel/Palestine, and Pakistan. Attention is focused on the
