The Heavily Indebted Poor Countries' Finance Ministers' Network8. Networking of Senior Budget Officials; 9. The Centre for Latin American Monetary Studies and its Central Bankers' Networks; Conclusion: Networks of Influence?; Index
Sommario/riassunto	This book examines the proliferation of government networks among

officials from developing countries, especially in the field of international financial matters. Through a series of eight case studies written by 'insiders' of the networks, the book explores the relationship between these networks and international organizations.
