## Sommario/riassunto

This book presents 34 original papers accepted for presentation at the  
 17th International Conference of the Catalan Association for Artificial  
 Intelligence (CCIA 2014), held in October 2014 in Barcelona, Spain. The  
 Catalan Association for Artificial Intelligence (ACIA), was created in  
 1994 as a non-profit association to promote cooperation among  
 researchers from the Catalan-speaking artificial intelligence research  
 community. Conferences are now held annually throughout the  
 Catalan-speaking countries. The papers in this volume have been  
 organized around different topics, providing a representat
