Sommario/riassunto	Darwin's theory of evolution transformed the life sciences and made

profound claims about human origins and the human condition, topics often viewed as the prerogative of religion. As a result, evolution has provoked a wide variety of religious responses, ranging from angry rejection to enthusiastic acceptance. While Christian responses to evolution have been studied extensively, little scholarly attention has been paid to Jewish reactions. *Jewish Tradition and the Challenge of Darwinism* is the first extended meditation on the Jewish engagement with this crucial and contro-
