Sommario/riassunto	Studies conducted in the field of Islamic economics lose their relevance over time. Works examining Islamic economics since the 1970's have been co-opted by the existing economic system and have become limited to a large extent, as they are now only concerned with financial transactions. In fact, ""Islamic economics"" as a concept should actually be conceptualized as an alternative economic system. However, because of the financial and commercial transactions implemented in daily economic life, ...
