Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Includes index.
Nota di contenuto	Black Bonanza; Contents; Preface; Acknowledgments; Chapter 1: All About the Oil Sands; Chapter 2: Origins-All Hell for a Basement; Chapter 3: Gearing Up-The Years of Frustration; Chapter 4: Pay Dirt-The Oil Sands Today; Chapter 5: King Ralph and the SAGD Revolution; Chapter 6: Tar Wars-Oil versus the Environment; Chapter 7: Peak Oil Terror and the Athabasca Answer; Chapter 8: Blue Shift-A New Frontier in Energy; Index
Sommario/riassunto	What if Canada 's so-called environmental nightmare was really an engineering triumph and the key to a stable and sustainable future? For years, Canadians have been hearing nothing but bad news out of the Athabasca Oil Sands. From 20th Century economists decrying it as a perpetual money-loser in the face of more easily-extracted foreign oil to green groups around the world declaring it the world's worst industrial enterprise, sometimes it seems as though no good could ever

come from this so-called dirty resource. But what if developing
Canada's Oil Sands was the key to bridging the
