Sommario/riassunto

Security is undermined worldwide from political dissident activity and acts of terrorism targeted at innocent victims with no relation to the offenders. This political violence and terrorism plagues all continents and does not originate solely from jihadist groups. With a view towards developing more effective measures of prevention and resolution, Examining Political Violence: Studies of Terrorism, Counterterrorism, and Internal War examines political violence in various national and international settings. A collection of works, some previously published as articles in the journal
