Afghanistan, and Central Asia -- Deep power takes its toll on U.S. presidents, 1961-1980 -- The Domsday Project and deep events: JFK, Watergate, Iran-Contra, and 9/11 -- The American deep state, deep events, and off-the-books financing -- America's unchecked security state: The continuing of COG planning, 1936-2001 -- America's unchecked security state and lawlessness -- Why Americans must end America's self-generating wars -- Epilogue: Greek theater: Mario Savio and the Socratic quest.

Sommario/riassunto

Scott marshals evidence for an American deep state, institutionalized in non-accountable intelligence agencies and private corporations. When the influence of Wall Street and international oil are added, the author argues that these powerful interests form a supranational state, repeatedly at odds with U.S. policies and interests.
