

1. Record Nr.	UNINA9910827884203321
Titolo	Haemopoietic stem cells // sponsored by the CIBA Foundation
Pubbl/distr/stampa	Amsterdam : , : Elsevier, , 1973
ISBN	9786613693662 9781280783272 1280783273 9780470719961 0470719966 9780470717639 0470717637
Edizione	[1st ed.]
Descrizione fisica	1 online resource (358 pages) : illustrations, portraits
Collana	Ciba Foundation symposium. New series ; ; 13
Altri autori (Persone)	YoffeyJoseph Mendel <1902-1994.>
Disciplina	599/.01/13
Soggetti	Hematopoietic stem cells
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	"Symposium on Haemopoietic Stem Cells held at the Ciba Foundation, London, 13th-14th July, 1972"--Participants page. "Held in tribute to J. M. Yoffey."
Nota di bibliografia	Includes bibliographical references and indexes.
Nota di contenuto	Haemopoietic Stem Cells; Contents; Chairman's introduction; Stem cell role of the lymphocyte-transitional cell (LT) compart- ment; Discussion; Attempts at morphological identification of the haemopoietic stem cell in primates and rodents; Discussion; The radiation chimera as an experimental model for the study of haemopoietic stem cell populations; Discussion; Precursor cells to erythroblasts and to small lymphocytes of the bone marrow; Discussion; Kinetic and haemopoietic properties of lymphoid cells in the bone marrow; Discussion Regulation of growth and differentiation in haemopoietic colonies growing in agar Discussion; Cellular communication early in haemopoietic differentiation; Discussion; Control of granulopoiesis; Discussion; Regulation of thrombopoiesis; Discussion; Size and proliferation of stem cell compartments in mice after depression of erythropoiesis; Discussion; Effects of anaemia on DNA-synthesizing cells in the blood and observations on their origin; Discussion; Ageing, haemopoietic stem cells and immunity; Discussion

Hyperplasia of myeloid and lymphoid tissue (pseudo-leucosis) in mice bearing passaged sarcomas Discussion; General Discussion; Population control; More about morphology; Intracellular factors; Extracellular factors; Colonialism; Epilogue; Index of Contributors; Subject Index

---

## Sommario/riassunto

The Novartis Foundation Series is a popular collection of the proceedings from Novartis Foundation Symposia, in which groups of leading scientists from a range of topics across biology, chemistry and medicine assembled to present papers and discuss results. The Novartis Foundation, originally known as the Ciba Foundation, is well known to scientists and clinicians around the world.
