Sommario/riassunto	The short stories and poems in this collection were written by students at King George VI School and Centre for Physically Disabled Children in Zimbabwe's second city, Bulawayo. HIV and AIDS have had a devastating effect on all the communities of Zimbabwe, and those with disabilities have not been exempt from the effects of the virus, as is

reflected in many of the pieces in this collection. The book clearly demonstrates both the talent of the students and their concern about the issues facing their community and wider society. Some of the stories and poems tell the stories of their lives, some come straight from their imagination, and some simply speak of their dreams for a better future.
