Sommario/riassunto	This book presents a full picture of the weight system of Iron Age Judah, based on archaeological finds, historical sources and biblical

texts. This book offers a complete picture of the weight system of Iron Age Judah, involving a careful study of the typology, date, context, weight standards, inscription and function of hundreds of weights (with a full catalogue). As against the common view, the author suggests that all the weights belong to one system based on one basic sheqel standard. The weights are mostly not 'royal weights' and have nothing to do with Josiah's reform. The 'sheqel of th
