International Convention against the (Reproductive) Cloning of Human Beings; II. Other International Resolutions and Declarations; III. Council of Europe; IV. European Union; V. German Law

Sommario/riassunto

"Human Dignity and Human Cloning" contains contributions by philosophers, theologians and lawyers on legal and ethical questions concerning the reproductive and therapeutic cloning of human beings. The main focus lies on the admissibility of cloning in German Constitutional law as well as in public international law. As these legal questions cannot be answered without taking account of the ethical discussion, the topic is analyzed from different cultural and religious viewpoints.
