Sommario/riassunto

Thinking psychoanalytically about the nature of social exclusion involves a self-questioning on the part of the interpreter. While we may all have some experiences of having been subject to stereotyping, silencing, discrimination and exclusion, it is also the case that, as social beings, we all, to some extent, participate in upholding these practices, often unconsciously. The book poses the question of how psychoanalysis can be used to think about the invisible and subtle processes of power over symbolic representation, in the context of stereotyping and dehumanization: What forces govern the
