Sommario/riassunto

Carla Bailo, CEO of the Center for Automotive Research, and Terry Barclay, CEO of Inforum, bring together over 70 of the most influential women in the automotive industry to share their insight and advice. As with their first book, *The Road to the Top*, Bailo and Barclay interview women in positions of leadership throughout the industry from suppliers, to OEMs and academia. *The Road Forward* provides insight and advice to all professionals on the impact of the COVID pandemic by sharing their thoughts of the road ahead and what changes they have experienced professionally, personally, and socially. In addition, the leaders discuss resilience, professional network maintenance and growth, personal growth, diversity and inclusion, and sustainability.
