

1. Record Nr.	UNINA9910828244503321
Autore	Pethrick R. A (Richard Arthur), <1942->
Titolo	Polymer science and technology : for scientists and engineers // Richard A. Pethrick
Pubbl/distr/stampa	Dunbeath, Scotland, : Whittles Pub., cop. 2010
ISBN	1-84995-273-6 1-68015-397-8 1-84995-023-7
Edizione	[1st ed.]
Descrizione fisica	1 online resource (376 p.)
Disciplina	547.7
Soggetti	Polymers Polímers
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Bibliographic Level Mode of Issuance: Monograph
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	Intro -- Contents -- Preface -- 1 What are plastics? -- 2 Mechanical properties of polymeric materials -- 3 Crystallinity and polymer morphology -- 4 Chemistry of polymer processing -- 5 Polymer processing: thermoplastics and thermosets -- 6 Composites -- 7 Case studies -- 8 Polymer chemistry and synthesis -- 9 Polymer physics: models of polymer behaviour -- 10 Polymers for the electronics industry -- 11 Medical applications of polymers -- 12 Recycling of plastics and environmental issues -- Index.
