Sommario/riassunto	One third of humanity is governed by two capitals, New Delhi and Beijing. Increasingly, these two countries are being led not from the top down, but rather from the Inside Out. In 2014, India overwhelmingly elected Narendra Modi minister, a man who rose to national prominence as chief minister of Gujarat, India's fastest growing state. Likewise, in 2013, Xi Jinping took over as president of China, having served as top official in Zhejiang and Shanghai, two of China's most prosperous provinces. Anticipating these trends and leadership transitions, William Antholis spent five months in 2012 trav
