| Sommario/riassunto | The book focuses on the description and analysis of the historical formation of the Czechoslovak and Czech positions in the international system during the course of the 20th century. The first part of the book presents a brief outline of the history of Czechoslovak foreign policy |

between the First World War and the end of the Cold War. The authors focus on the key periods and turning points in the role of the small Central European state in the international system as well as on the significant actors formulating Czechoslovak foreign policy from the inside and influencing it from the outside.
