King Alfred and the performance of origins Notes; Index
Sommario/riassunto	Rooted in a period of vigorous exploration and colonialism, The Island Race: Englishness, empire and gender in the eighteenth century is an innovative study of the issues of nation, gender and identity. Wilson

bases her analysis on a wide range of case studies drawn both from Britain and across the Atlantic and Pacific worlds. Creating a colourful and original colonial landscape, she considers topics such as: * sodomy* theatre* masculinity* the symbolism of Britannia * the role of women in war. Wilson shows the far-reaching implications that colon
