

1. Record Nr.	UNINA9910828479203321
Titolo	Taking stock of delinquency : an overview of findings from contemporary longitudinal studies // [edited by] Terence P. Thornberry and Marvin D. Krohn
Pubbl/distr/stampa	New York, : Kluwer Academic/Plenum Publishers, c2003
ISBN	0-306-47945-1
Edizione	[1st ed. 2003.]
Descrizione fisica	1 online resource (351 p.)
Collana	Longitudinal research in the social and behavioral sciences
Altri autori (Persone)	ThornberryTerence P KrohnMarvin D
Disciplina	364.36
Soggetti	Juvenile delinquency Juvenile delinquents - United States Juvenile delinquents - Psychology Deviant behavior Developmental psychology Juvenile delinquency - Prevention
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	The development of panel studies of delinquency -- Causes and consequences of delinquency : findings from the Rochester Youth Development study -- Delinquency and crime : some highlights from the Denver youth survey -- The development of male offending : key findings from 14 years of the Pittsburgh youth study -- Key results from the first forty years of the Cambridge study in delinquent development -- Testing an integrative theory of deviant behavior : theory-syntonic findings from a long-term multi-generation study -- The Montreal longitudinal and experimental study : rediscovering the power of descriptions -- Understanding and preventing crime and violence : findings from the Seattle social development project -- Common themes, future directions.
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	The Development of Panel Studies of Delinquency -- Causes and Consequences of Delinquency -- Delinquency and Crime -- The Development of Male Offending -- Key Results from the First Forty Years of the Cambridge Study in Delinquent Development -- Testing an Integrative Theory of Deviant Behavior -- The Montreal Longitudinal

and Experimental Study -- Understanding and Preventing Crime and Violence -- Common Themes, Future Directions.

Sommario/riassunto

Taking Stock in Delinquency is the comprehensive synthesis of the empirical findings of seven important ongoing longitudinal studies of delinquency. The seven projects included in this volume represent much of the diversity found in individual-based panel studies of antisocial behavior. Individually and collectively, the results of these investigations have been published in a wide range of disciplinary outlets, thus making it difficult to identify common themes and general principles. This volume intends to provide a comprehensive and unified picture of empirical results, both within these studies and across them. One of the fundamental purposes of Taking Stock in Delinquency is to examine the extent to which these studies answer the basic question of the origins of delinquent and criminal careers despite their varying guiding theories, methods, and settings. Taking Stock in Delinquency is an important resource for criminologists, psychologists, sociologists, and upper-level students on juvenile delinquency, criminology, developmental psychology, and deviant behavior.
