Sommario/riassunto	Brand Enigma provides a refreshing antidote to tired, conventional approaches to business development, marketing and innovation. The premise for this book is that the brand embodies the spirit of the business and, properly understood, can enable the enterprise to raise innovation, business development and performance to new levels.

Based on a proven method for deconstructing and rebuilding brands, the book outlines an alternative but stimulating, and highly effective method of putting the brand at the centre of the business. At the heart of this approach is the Brand Dream

2. Record Nr.	UNINA9910828550303321
