Livello bibliografico	Monografia
Note generali	Bibliographic Level Mode of Issuance: Monograph
Nota di bibliografia	Includes bibliographical references and index.
Sommario/riassunto	Political theorists typically define political action in terms of rational potential rather than conflict, and for this reason neglect the partisan nature of political experience. This volume redresses this neglect, focusing on the interrelated questions of whether the task of political theory is to find some means of containing partisan politics and whether political theory is itself separate from partisan politics
