Sommario/riassunto	In this remarkable book, Joseph Margolis, one of America's leading and most celebrated philosophers, examines the relationship between two apparently contradictory philosophical tendencies - realism and

relativism. In order to examine the relationship between the two, Margolis establishes a taxonomy of different kinds of realism and different kinds of relativism. Drawing on both the analytic and Continental traditions, he examines (from a pragmatic point of view) the various relationships between these two tendencies in the light of two major developments in modern philosophy - the concern f
